

# Honda EC3600 3.6kw Petrol Generator

**Prod Code: 5000-HOND-36**

The EC3600 generator is designed to give you an economical, simple to use and incredibly reliable power source wherever you need it. Just like our renowned engines, this unit is engineered to withstand the harsh demands of the construction industry. The super durable Honda OHV series engine is housed within a high quality welded open frame of powder coated tubular steel for easy lifting

## SPECIFICATIONS

|                                  |   |
|----------------------------------|---|
| Primary usage                    | Professional Use                        |
| Type                             | Open Frame                              |
| Max output (W)                   | 3600                                    |
| Output voltage (V)               | 115/230V                                |
| Rated output (W)                 | 3400                                    |
| Frequency rating (Hz)            | 50                                      |
| DC voltage                       | N/A                                     |
| Power Stability                  | standard                                |
| DC current                       | N/A                                     |
| Engine type                      | GX270                                   |
| Type                             | single cylinder 4-stroke OHV air cooled |
| Oil capacity                     | 1.1 litre with Oil Alert®               |
| Starter system                   | recoil                                  |
| Length (mm)                      | 800                                     |
| Width (mm)                       | 550                                     |
| Height (mm)                      | 540                                     |
| Dry weight (kg)                  | 70                                      |
| Noise Level (1/4 load) (dB(a)**) | 71                                      |
| Run Time                         |   |
| up to (hrs)                      | 2.9                                     |
| Fuel tank capacity (litres)      | 6                                       |
| Fuel type                        | Unleaded petrol                         |
